

XI International Exhibition LABComplex. Analytics. Laboratory. Biotechnologies. HI-TECH is a traditional meeting place for the Leaders of the Laboratory Industry

From 17 to 19 October 2018 in the EC “KyivExpoPlaza” will be held XI International Exhibition LABComplex – the main event of laboratory industry in Ukraine. Within the framework of the event will be presented the whole range of equipment, technologies for laboratories and specialized furniture, supplies as well as range of services for creation, equipping, modernization of all types and kinds of laboratories of various industries, scientific-research field and medicine.

Organizers of the Exhibitions: National Academy of Science of Ukraine, LMT Company.

The event will be held **under support** of the profile Committees of the Verkhovna Rada of Ukraine, Cabinet of Ministers of Ukraine, field oriented ministries and agencies, associations and business associations.

General Information Partner: Pharmaceutical Industry Review, magazine.

The purpose of the Exhibition – in the the context of rapid European integration processes is to promote:

- Field staff education and training;
- Exchange of international experience among colleagues;
- Building long-term business relationships between manufacturers, suppliers of laboratory equipment and technologies and professionals of laboratory researches;
- Introduction of innovative scientific and technological solutions into most industry sectors of Ukraine.
-

Thematic directions of the Exhibition:

- Analytical equipment
- Laboratory technologies
- Biotechnologies
- Laboratory medicine

Among exhibitors are – domestic and international manufacturers, suppliers of equipment, materials and technology solutions for the laboratories of various profiles.

In 2017, the Exhibition was attended by: ALSI Ltd., ALT Ukraine, Analytec Ltd., Biola, Vector-Best-Ukraine, DIAMED, IKF Service Plus Ltd., LABVITA, Miele, Macrolab Ltd., Medcoswiss, Mixlab, Roche Ukraine, SOC TRADE, STASENKO & Partners, Tespro, Ukrbio, Ukrorgsintez, HEMA LLC, HIMLABORREACTIV, Shim Ukraine, ERBA Lachema and many others.

Among trade marks, presented on the LABComplex-2017: Thermo Fisher Scientific, Shimadzu, Retsch, Nabertherm GmbH, NETZSCH Geratebau GmbH, Beckman Coulter, METTLER TOLEDO, BINDER GmbH, EPPENDORF, Precisa, Waters, Perkin Elmer, Kern, Roche Diagnostics, Abbott Molecular, Bio-Rad, Sysmex and many others.

Visitors of the Exhibition – managers and specialists of enterprises of the various sectors of industry and scientific research institutes, quality test laboratories, production testing laboratories, clinical diagnostic laboratories and other types and kinds of laboratories, inspection agencies.

The **LABComplex** platform provides exhibitors direct contact with the target audience. This is an effective marketing tool for the development of business, building of brand awareness, introduction of products to the market and extension of business contacts.

The Exhibition is a **unique integrated project**, which brings together the largest specialized exposition, having no analogues in Ukraine, and meaningful **scientific-practical and business programs**.

During the LABComplex Exhibition will be held **conferences, seminars, round tables** with a focus on the fundamental and applied researches, as well as on the development of sector. Traditionally, the organizers of the event will be experts of

the state scientific-research institutions, national and international field-oriented associations, and postgraduate education institutions, higher education institutions and training companies.

The scientific-practical programs of the Exhibition – is a complex of the actual scientific, applied and business events for the professionals in the field of laboratory researches by areas of activity:

- Food industry and agricultural sector
- Pharmaceutical industry
- Laboratory Medicine
- Veterinary
- Education and Science
- Standardization and Metrology
- Water and water preparation
- Chemical industry

and other.

Also within the LABComplex Exhibition is annually held expert practical event - **Ukrainian Laboratory School** (current master classes on operating equipment with the possibility of testing, qualified expert advices, new research methods and techniques).

Entrance is free of charge, in case of pre-registration on the **International Exhibition LABComplex** web-site: www.labcomplex.com

HISTORY NOTE

of the International Exhibition LABComplex. Analytics. Laboratory. Biotechnologies. HI-TECH 2016

3230m² of exhibition space

137 participants from **15** countries

5700 professionals from Ukraine and abroad

30 scientific-practical events

22 master classes

180 industry speakers-experts
