

POST RELEASE

**the XII International Exhibition LABComplex. Analytics. Laboratory. Biotechnology. HI-TECH
25-27 September 2019, Exhibition Center ACCO International, Kyiv, Ukraine.**

2600 m² of exhibition area

112 companies and represented trademarks from Austria, Belarus, Great Britain, Denmark, Estonia, Israel, India, Spain, Italy, Canada, China, Latvia, Lithuania, Germany, Poland, Russia, Romania, Serbia, Slovenia, the USA, Hungary, Ukraine, Finland, France, the Czech Republic, Switzerland, Sweden, Japan.

4576 registered pharmaceutical specialists from all regions of Ukraine and other countries

15 conferences and seminars

20 master classes

160 speakers – experts of the industry

Organized by the National Academy of Sciences of Ukraine, LMT Group of companies and LLC Expoforum.

The event was supported by the Committees of the Verkhovna Rada of Ukraine, ministries and agencies, professional associations and organizations.

Partners and participants — ALT Ukraine, BCM Ukraine, Cole-Parmer, IKA-Werke GmbH & Co. KG, INTERTECH Corporation, LGC Standards Sp. z o.o., NETZSCH, SIMVOLT, Snibe, ALSI LTD, Alsi-Chrom, Analytec, ATOMKOMPLEXPRYLAD, Best Diagnostic, BIO TEST MED, Biola, Biomed, VEGA MEDICA, Vector-Best-Ukraine, Venta Lab, Voles, Global Bio-marketing Group, Grupotest, DIALABSERVIS, Dialogue Diagnostics, DKTB TEP, EXIMKARGOTRADE, Expert, Erba Diagnostics Ukraine, IDEALAB, Integrated Medical Group, Intermedica, Citmed, Labvita, Labix, Lab-Universum, Macrolab Ltd, Medigran Ukraine, International School of Technical Legislation and Quality Management, MK Kvertimed-Ukraine, Reagent, SKY MEDICA, Steklopribor, Smart Med, SokTrade, SKHIDNO-UKRAYINSKA TORGIVELNA KOMPANIJA”, TERRALAB IT, Terra-Med, Ukrbio, Ukrorgsintez, Chemec, HLR, ShimUkraine and many others.

On 25-27 September 2019 the Exhibition Center “ACCO International” (40-B Peremohy Ave., Kyiv) hosted for the 12th times in a row the international Exhibition LABComplex. Analytics. Laboratory. Biotechnology.

HI-TECH. There is a good reason for that this event is deemed as the most important industry-specific in Ukraine that bring together leading laboratory specialists.

New equipment, advanced technologies, specialized furniture, consumables were presented at the exhibition. The experts got the information on the services for establishing, equipping and upgrading laboratories.

LABCOMPLEX. ANALYTICS. LABORATORY. BIOTECHNOLOGY. HI-TECH: DESCRIPTION

Every year business representatives, top managers, laboratory staff and officials of inspection and regulatory bodies, various enterprises, research sector and medicine meet here, at LABComplex, to share their expertise, to have a professional dialogue and establish business contacts.

The largest domestic exhibition of laboratory equipment and the extensive scientific and practical program, including conferences, seminars and master classes, are the key elements, which brought success to LABComplex again and attracted many visitors from all over Ukraine and abroad.

LABComplex presented analytical equipment, laboratory control instruments, general laboratory equipment, mobile laboratories, laboratory furniture and glassware, tools and consumables, reagents, indicators, test systems and test agents, personal protective equipment, overalls, etc. on a 2600 sq. m. exposition area. We're pleased to note that domestic brands could announce themselves, and their presentations were as strong as those of foreign manufacturers.

Year by year the exhibition expands its geography and grows in many aspects – informational, visual, practical. The evergrowing interest to this event in the professional community clearly illustrates that the Expo goes the right way.

In 2019 another **20 participants** joined LABComplex. Congratulations on the debut at LABComplex to: Borosil Glass Works LTD, Eljunga, Innovative Pharma Baltics, InSoft, LAB TTA, Zhongke Meiling Cryogenics Co. LTD, IV SET, Albamed, Viva Ukraine, Diamedix Impex, DNA-Technology Ukraine, Ekvitestlab, Litoplast-Med, MED-TISKOM, PROSTO PRYLAD, REALAB, SELTOK PHOTONICS, SNOL Ukraine, Tecsa, Sympatec.

WE GIVE YOU BOTH – IMPRESSIONS AND KNOWLEDGE!

This year the program of the exhibition covered various areas: supplies and equipment for laboratories in the food industry, agrarian sector, veterinary medicine, laboratory medicine, science and education with a special focus on the needs of the modern life.

There were **15 research and practical events** and **20 master classes** for specialists of various industries, research sector and medicine. The Exhibition gave floor to **160 expert speakers**.

The research and practical program of **FOOD INDUSTRY & AGRARIAN SECTOR** focused on many important issues, such as: legislation of Ukraine for food companies, the reform of the technical regulation system, the HACCP system, technological expertise and food safety, economic issues of agribusiness in modern conditions, the compliance of technological expertise and food safety with the modern requirements, advanced control quality solutions in laboratories and many others. The events were organized by the Odessa National Academy of Food Technologies, the Ukrainian Bakers' Association, HLR, Quality laboratory.

The key event of **LABORATORY MEDICINE** was the international science-to-practice conference “**Experience of implementing a quality management system in medical laboratories of Ukraine**” organized by the Shupyk National Medical Academy of Postgraduate Education and the all-Ukrainian Association of Clinical Chemistry and Laboratory Medicine. The experts discussed the stages of introducing and ensuring the quality management system in the medical laboratory, shared their experience in preparing a medical laboratory to accreditation pursuant to the DSTU Requirements EN ISO 15189:2015, examined a new Regulation EU 2017/746 of the European Parliament and of the Council on in vitro diagnostic medical devices, discussed the modern trends of the development of laboratory medicine and many other important issues.

With active and interesting discussions and original practical classes, the two-day **UKRAINIAN LABORATORY SCHOOL** was held. Everybody took part in master classes, using the existing equipment, to learn how equipment worked in practice and got new skills and competent expert advice first hand, and learned many new and useful things. The school was organized by the National Academy of Medical Sciences of Ukraine (NAMS), NAMS Laboratory and Metrology Service, NAMS Inter-institute Reference Laboratory Center, state enterprise and national research center M.D. Strazhesko Institute of Cardiology of the National Academy of Medical Sciences of Ukraine, LMT Group of companies, LLC Expoforum and the participating companies.

The science-to-practice conference “**System solutions of the management of medical laboratories in accordance to requirements of the State Standard EN ISO 15189:2015 and the accreditation body**” organized by the Educational and Methodical Center “International School of Technical Legislation and Quality Management” (ISTL) brought together a lot of experts in laboratory medicine.

The scientific and practical seminar “**Applied aspects in microbiological practice**” from LTD Ukrbio was as much interesting, it was assessed by many experts, and the specialists of Vector-Best-Ukraine examined modern diagnostics of mycoses and the determination of sensitivity to antimetabolic preparations and diagnostics of syphilis at the seminar “**Biological specifics and possibility of diagnostics of infectious agents**”.

The training and practical seminar “**Pre-Transfusion Laboratory Research**” organized by the Department of health of executive body of Kyiv City Council (Kyiv City State Administration); CNCE “Kyiv City Blood Center” of executive body of Kyiv City Council (Kyiv City State Administration); Shupyk National Medical Academy Of Postgraduate Education, Department of Hematology and Transfusiology; State Institution “Scientific and Practical Medical Center of Pediatric Cardiology and Cardiac Surgery of the Ministry of Health of Ukraine”; Clinical Hospital “Feofania” State Administration addressed the issues of transfusion complications, clinical transfusion processes, organizational principles of transfusion care in a healthcare facility, shared the experience of using donor erythrocytes of different blood groups in patients with complex transfusion anamnesis, difficulties in determining group affiliation and urgent conditions.

Of great interest was the seminar-workshop “**Quality Manager School**”, which brought together managers and staff of quality control departments of medical laboratories. The seminar was organized by the magazine “Laboratorna sprava”.

Team leaders and experts working for diagnostic veterinary laboratories, both private and public, were interested in the scientific and practical program of the **VETERINARY MEDICINE** including VIII practical conference “**Laboratory Research as a Tool for Ensuring Epizootic Well-Being and Food Safety**” organized by the State Research Institute for Laboratory Diagnostics, Veterinary and Sanitary Expertise and the State Scientific Control Institute for Biotechnology and Strains of Microorganisms and seminar “**Antibiotic-resistant microorganisms in food chain objects**” organized by the Microbiology, Virology and Biotechnology Department at the National University of Life and Environmental Sciences of Ukraine.

Research and development, which may soon be introduced into the latest scientific instruments, was presented at a scientific-practical conference by the National Academy of Sciences of Ukraine, specialization “**SCIENCE AND EDUCATION**”.

A range of specialized exhibitions, workshops on existing equipment, well-known industry experts, reports on current issues, crowded conference halls - all this confirms once more the high level of the exhibition and the interest of specialists in the innovations of the laboratory industry.

**We kindly thank all participants, partners and guests of the event for your trust and support!
We kindly invite you to participate in the XIII International Exhibition LABComplex Analytics.
Laboratory. Biotechnology. HI-TECH.
that will take place on 23-25 September 2020 in Kyiv, he Exhibition Center “ACCO International”,
40-B Peremohy Ave., in the Pushkin Park, Shuliavska Metro Station.**
