OFFICIAL STATISTICS OF THE EXHIBITION

“ The Verkhovna Rada Committee on Science and Education traditionally supports the holding of an exhibition LABComplex. Analytics. Laboratory. Biotechnology. HI-TECH. We are convinced that the effective cooperation of the exhibitors and their potential partners will improve the equipment of existing laboratories in Ukraine, replace the outdated approaches to the «technology of tomorrow» and become a catalyst for the development of domestic science.

O. Spivakovskiy, First Deputy Chairman of the Verkhovna Rada Committee on Science and Education

“ Extremely high interest of agrarians in modernizing laboratories that determine the safety and quality of food and feed, establishing effective cooperation with manufacturers, suppliers of laboratory equipment and technologies, and specialists in the field of laboratory research. LABComplex. Analytics. Laboratory. Biotechnology. HI-TECH – a significant event for professionals, a great opportunity for professional growth, a convenient platform for business communications.

I am convinced that holding such a large-scale event will provide wide opportunities for its participants to share information, experience, and establish useful business contacts.

O. Bakumenko, Deputy Chairman of the Verkhovna Rada Committee on Agrarian Policy and Land Relations

“ A high-quality and modern system for observing, collecting, processing information about the state of the environment using modern laboratory equipment is the basis for forecasting changes and developing scientifically grounded recommendations for making decisions on preventing negative changes in the state of the environment and adhering to ecological safety requirements. And in this context, modernization of laboratory complexes of state institutions and in all spheres of the economy, application of the best international practices is crucial.

A. Dyriv, First Deputy Chairman of the Committee on Environmental Policy, Nature Resources Utilization and Elimination of the Consequences of Chornobyl Catastrophe

“ To be competitive and operate in the EU legal framework, we need to upgrade the available laboratory facilities to bring them in line with global standards, introduce modern approaches in all the industries and sectors including medicine, environment protection, and education. And, in this context, the contribution of the International Exhibition LABComplex. Analytics. Laboratory. Biotechnology. HI-TECH is absolutely apparent.

M. Strikha, Deputy Minister of Education and Science of Ukraine

“ The health and sometimes the lives of Ukrainians depend on the high performance of laboratory specialists and the accuracy of laboratory equipment.

Therefore, we support and are pleased to attend LABComplex. Analytics. Laboratory. Biotechnology. HI-TECH. This Exhibition offers both a rich academic program and many networking opportunities

V. Lapa, Head of the State Service of Ukraine for Food Safety and Consumer Protection

“ When markets are extremely competitive, it is important to export highquality agricultural products and to carefully check imports. And this is inextricably linked with the achievements in the field of laboratory equipment.

LABComplex. Analytics. Laboratory. Biotechnology. HI-TECH will demonstrate up-to-date devices and many opportunities they offer.

Ya. Gadzalo, Academician and President of the National Academy of Agrarian Sciences of Ukraine

“ To exchange best practices, to establish business relationships with manufacturers and suppliers of equipment for laboratories get the most up-to-date information from laboratory professionals, to take part in professional discussions and business negotiations – are possible during the exhibition LABComplex. Analytics. Laboratory. Biotechnology. HI-TECH.

D. Sabatovych, CEO of SE “UKRMETRTTESTSTANDART”

“ The Exhibition brings together the research and practical conference, schools, and specialized expositions and serves as an international platform where specialists in laboratory medicine can share their experience and improve their qualification.

H. Lunova, President the Association of Clinical Chemistry and Laboratory Medicine of Ukraine, Professor

“ Every professional who has at least once visited LABComplex knows for sure that this is a wonderful opportunity to get acquainted with the latest advances in the diagnostic technology sector, to find partners and share experience with colleagues.

LABComplex is an extraordinary event for those who work in the laboratory medicine.

T. Havrylenko, Chief Specialist in Laboratory Diagnostics of NAMS, Vice-President of the Association of Clinical Chemistry and Laboratory Medicine of Ukraine, Head of the Interinstitute Reference Laboratory Centre of NAMS of Ukraine, Professor

BUSINESS PROGRAM

3205 specialists took part in the scientific-practical program of the **XI International Exhibition LABComplex. Analytics. Laboratory. Biotechnology. Hi-TECH**, which was presented by **27** scientific conferences, seminars, and **22** master classes

SCIENTIFIC-PRACTICAL PROGRAM «DAYS OF FOOD INDUSTRY AND AGRICULTURAL SECTOR»

Seminar “Integrated Laboratory Examination of Agrarian Facilities in Power and Plant Protection Systems”

Organizer: Ukrainian laboratory of quality and safety of AIC products of the National University of Life and Environmental Sciences of Ukraine

Scientific-practical conference “Implementation of the HACCP system - the basis of food quality and safety”

Organizers: State Service of Ukraine for Food Safety and Consumer Protection; State Scientific-Control Institute of Biotechnology and strains of microorganisms; Sumy National Agrarian University

Scientific-practical seminar “New version of ISO/IEC 17025:2017 - changes and practical solutions”

Organizer: STD, LTD

Round table “Quality and safety of food products - pledge of development of the baking industry enterprises”

Organizer: Ukrainian bakers' association

Seminar “Sensory analysis in the food industry”

Organizer: Odessa National Academy of Food Technologies

Seminar “Food products and consumer goods. Safety, quality and laboratory testing”

Organizer: L.I. Medved's Research Center of Preventive Toxicology, Food and Chemical Safety of the Ministry of Health of Ukraine, State Enterprise

Workshops for the food industry laboratories

Organizer: The project group “Agrarian Complex” of the CHEMLABORREACTIV company

SCIENTIFIC-PRACTICAL PROGRAM
«DAYS OF PHARMACEUTICAL INDUSTRY»

Scientific-practical conference “Actual questions of pharmacopoeial control of the quality of medicinal products”

Organizer: State Enterprise “Ukrainian Scientific Pharmacopoeial Centre for Quality of Medicines”

Scientific-practical seminar “Ensuring data integrity in GMP. Regulatory requirements. Practical aspects”

Organizer: STD, LTD

Practical seminar for laboratories of pharmaceutical companies “Laboratory Methods of Quality Control of Pharmaceutical Products. Opportunities and Prospects”

Organizer: LMT Company

With the participation of companies: Analytec, Macrolab, SocTrade, ShimUkraine, ALSI-Chrom, Bio-Rad Laboratories, ALSI LTD

Blitz Workshop “ISO 13485:2016. Motives. Accents. Realization”

Organizer: UKRMEDCERT, LTD

Practical seminar “Pharmaceutical Serialization and Track&Trace Systems in Ukraine”

Organizer: EuroJet LTD

Seminar “SIEMENS. Win the race against time. Over time, be the winner!”

Organizer: Siemens Ukraine

Workshop “Pharmaceutical Engineering based on ISPE Application”

Organizer: VIALEK, Group of companies

Seminar “Medical products in the nomenclature of pharmaceutical manufacturers. Evaluation of the compliance of medical products for in-vitro diagnostics”

Organizer: Ukrainian Scientific Institute of Certification, LLC

SCIENTIFIC-PRACTICAL PROGRAM
«DAYS OF LABORATORY MEDICINE»

Scientific-practical conference with international participation “Quality indicators as components of quality assurance systems for laboratory services and achieving the reliability of laboratory research results” (On the 100th anniversary of the foundation of the NMAPE named after P. L. Shupyk)

Organizers: Shupyk National Medical Academy of Postgraduate Education, Association of Clinical Chemistry and Laboratory Medicine of Ukraine

SCIENTIFIC-PRACTICAL EVENTS

UKRAINIAN LABORATORY SCHOOL

Operating Equipment Workshops, professional consulting and training

Organizers: NAMS of Ukraine, Laboratory and Metrology Service of NAMS; Inter-Institute Reference Laboratory Center of NAMS; Association of Clinical Chemistry and Laboratory Medicine of Ukraine; National Science Center “M.D. Strazhesko Institute of Cardiology” of NAMS of Ukraine”, SI; LMT Company

Partners:

SCIENTIFIC-PRACTICAL PROGRAM «DAYS OF VETERINARY MEDICINE»

Scientific-practical seminar “Laboratory diagnostics: education, science, practice” (devoted to the 120th anniversary of NUBiP of Ukraine)

Organizer: National University of Life and Environmental Sciences of Ukraine, Faculty of Veterinary Medicine, Department of Microbiology, Virology and Biotechnology

VII Scientific-practical Conference “Laboratory Research as a Tool for Ensuring Epizootic Well-Being and Food Safety”

Organizers: State Scientific-Control Institute for Biotechnology and Microorganisms, State Research Institute for Laboratory Diagnosis and Veterinary and Sanitary Expertise

STANDARDIZATION AND METROLOGY

Seminar “Current issues of metrological support”

Organizer: UKRMETRTTESTSTANDART, SE

ECOLOGY

Seminar “Environmental Laboratories of Enterprises - 2018: Problems and Solutions”

Organizer: MEDIA PRO Group of Companies

With the support of: Editorial Board of the Journal “Ecology of Enterprise”

SCIENCE AND EDUCATION

IX Scientific-practical Conference of the National Academy of Sciences of Ukraine “Newest Developments in Scientific Equipment by Leading Device Manufacturers. Development of Collective Use Centers in the National Academy of Sciences of Ukraine”

Organizer: National Academy of Sciences of Ukraine

GENERAL LABORATORY DIRECTION

Seminar “Laboratory Information System LIMS as part of the requirements of the new version of DSTU ISO/IEC 17025:2017”

Organizer: EuroAcademia, TCC, LLC

ACCOMPANYING EVENTS

VI Scientific-practical seminar “Applied Aspects in Microbiology”

Organizer: Ukrbio, LTD

Seminar “The Role of Modern Technologies in Ensuring the Quality of Clinical Diagnostic Studies”

Organizer: Bio-Rad Laboratories, LLC

Scientific-practical seminar “New achievements in the diagnosis of allergies and the current state of diseases’ research of the immune system”

Organizer: Vector-Best-Ukraine LLC

Seminar “Methodological aspects of preparing for the accreditation of a medical laboratory for compliance with DSTU EN ISO 15189”

Organizers: Educational and Methodical Center “International School of Technical Legislation and Quality Management” LLC; Laboratorna sprava, magazine
